

BY THE NUMBERS: CHEMICAL FACILITY ANTI-TERRORISM STANDARDS (CFATS)

In a big blow to national security, the country lost an effective tool in the fight against terrorism when Congress allowed CFATS to expire on July 27th, 2023.

CFATS regulates security at

**OVER 3,000
Facilities**

Under CFATS conducted an
average of

**160 site inspections per
MONTH**

DHS estimates that security
measures at regulated
facilities have

**INCREASED by
60%**

Until it expired

**9,000 NAMES PER
MONTH**

were vetted against FBI's
terrorist database through
CFATS

Congress must join the against terrorism.
Reinstate CFATS now!
